

Downloading CESM ISMIP6 Forcing Data

Data can be downloaded from the [Globus NCAR CESM ISMIP6](#) endpoint.

For more information on how to obtain data from GHub visit the [Accessing Data](#) web page. If access is denied you should submit a ticket through [this link](#) or [contact](#) the GHub team. Please indicate your institutional email address; and the Globus endpoint name to which you want access in your communication. The institutional email address should be the address used for authenticating via Globus (and ideally for their GHub site registration as well).
